

ARWEN TECH, OFFICIAL TECHNOLOGY PARTNER AT THE BRYAN ADAMS CONCERT

Arwen Tech acted as the Official Technology Provider for the Bryan Adams concert, which was held

on January 29, 2006. The company administered the ticketing and entry process at the event, which was organized by Zindagi Trust. The Canadian rocker performed in Karachi to raise funds for the victims of the October 8 earthquake. An audience of more than 25,000 attended at the event that took place at the Arabian Sea Country Club, Karachi. With an internationally successful music career of 25 years, Bryan Adams' outstanding live performances thrilled and rocked the Karachiites. Keeping in view the greatness of the cause and participation of an artist of Adam's caliber, Arwen Tech was fully geared to support the concert, reaffirming that Pakistan is a friendly country and Karachi is ready to contribute positively be a host of international events. With the largest portfolio of solutions and services, Arwen Tech is ranked as one of the most reliable IT solution providers in the region, performing at the high end of industry standards.
